The Executive Chairman,  
Benue State Universal Basic Education Board

The Director General,  
Benue Bureau for Education Quality Assurance

The Executive Secretary,  
Benue State Examination Board

## ADOPTION OF CONSOLIDATED WORKPLAN FOR BASIC EDUCATION ACTIVITIES IN BENUE STATE

In line with the Sector-Wide Approach (SWAp) which seek to build a coherent, effective and sustainable education system, it has been resolved that going forward, the Consolidated Work Plan (CWP) will be adopted as the official framework for planning and implementation across all agencies under the Ministry of Education and Knowledge Management involved in the provision of Basic Education activities.

2. This decision replaces the previous fragmented approach, which often led to duplication of efforts, inefficient resource allocation and gaps in service delivery. The CWP will ensure a harmonized and streamlined approach to planning, budgeting, and execution, fostering greater synergy among all agencies.

3. Accordingly, all agencies in the provision of Basic Education services are directed to align their programs, activities, and funding requests with the CWP. The Ministry of Education/State Universal Basic Education Board Planning, Research and Statistics Department will coordinate this transition, providing necessary technical support and guidance.

4. Your full corporation in implementing this directive is essential to achieving our shared Educational sector goals.

5. Thank you for your dedication to improving educational delivery in the state.

6. Accept the assurance of my esteemed regards, please.

  
Dr. Frederick Ikyaan

Honourable Commissioner for Education and Knowledge Management
